6. "Organic Life is routinely active in the 3<sup>rd</sup> Triad receiving energies from our sun and its planets and maintaining itself. However, Organic Life has also to deliver energies to the 4<sup>th</sup> Triad below her, and that is the moon first before the moon returns some of the energies back to our Earth and to Organic Life. We have to bear this burden for moon, and give our life energies in our rascoarnos (death). Occasionally, the moon requires more life energies and that creates wars amongst the human species and many more killings of other living beings! The directive energies for such events have come from the 2<sup>nd</sup> Triad in the Ray of Creation into our 3<sup>rd</sup> Triad and which energies have to be shared with the 4<sup>th</sup> Triad.

We want peace and we thus pray to the 2<sup>nd</sup> Triad to give more intelligent life energies to us to share with the moon and to reduce any excessive demand for life energies by the moon in the 4<sup>th</sup> Triad.” — Tan Man Ho, Real World Views, Book 22

No religion or secular spirituality or standard professional group of being psyche hydrogens in daily life occupation is free from such degeneration of the psyche hydrogens into aggression and sociocosmic war! — Tan Man Ho
